**Children requiring these services only, would not necessarily have special needs to take into account.*

***Children requiring this service may work on developing their skills in general on a regular basis. They may also require Sustain Your Brain! services, tailored according to their specific need/s, for which the Special Needs Learning Support rate is charged.*

✧ Please enquire separately about whole-class at-school lessons or on-site after school classes.

In case additional learning materials are required, these will be charged separately e.g. textbooks

In general, 10-Lesson courses need to be completed within 3 months from time of payment, and 5-Lesson courses within 6 weeks.
